Continuation of 4(e) Other: Claims 4, 9, and 10 all contain amendments which have not been presented in the proper fashion relative to the immediate prior version. Specifically, amended claim 4 contains the language "said polyol comprises a dimer fatty... dimer fatty residues from 10 to 30% by weight," however the original claim contained the language "comprises in the range from 10 to 30% by weight." The phrase "in the range," has been removed, but there are no markers identifying this deletion. Amended claims 9 and 10 contain the phrase "An adhesive according to claim 5," wherein the term "claim" is underlined, however said term is present in the previous set of claims and therefore should not be underlined.
